| Word Family Framework (WFF) | <p>The Word Family Framework (WFF), designed by Richard West, constitutes a searchable resource and comprises over 22,000 vocabulary items arranged according to six levels aligned with the CEFR. It shows how words within the same family are placed at different levels. Teachers can use the WFF to plan courses, syllabi and lessons.</p> <p>Accessed from: https://www.teachingenglish.org.uk/article/word-family-framework</p> |
| English Vocabulary Profile (EVP) | <p>The English Vocabulary Profile (EVP) constitutes a searchable resource and provides information about which words (and which meanings of those words) and phrases are known and used by learners at each level of the CEFR.</p> <p>Demonstration accessed from: http://englishprofile.org/wordlists/evp-demo</p> |
| Academic Word List (AWL) | <p>The Academic Word List (AWL), first developed in 1998 and reviewed in 2000, is a set of 570 high-frequency words compiled from a corpus of 3.5 million running words in written academic texts.
